This policy applies to all school activities, including camps and excursions.

POLICY

Definitions

Bullying

In 2018, the Education Council of the Council of Australian Governments endorsed the following definition of bullying for use by all Australian schools:

Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. It can involve an individual or a group misusing their power, or perceived power, over one or more persons who feel unable to stop it from happening.

Bullying can happen in person or online, via various digital platforms and devices and it can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time (for example, through sharing of digital records).

Bullying of any form or for any reason can have immediate, medium and long-term effects on those involved, including bystanders. Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying.

Bullying has three main features:

- It involves a misuse of power in a relationship
- It is ongoing and repeated, and
- It involves behaviours that can cause harm.

Bullying can be:

1. *direct* physical bullying – e.g. hitting, tripping, and pushing or damaging property.
2. *direct* verbal bullying – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. *indirect* bullying – e.g. spreading rumours, playing nasty jokes to embarrass and humiliate, mimicking, encouraging others to socially exclude a person and/or damaging a person's social reputation or social acceptance.

Cyberbullying is direct or indirect bullying behaviours using digital technology. For example, via a mobile device, computers, chat rooms, email, social media, etc. It can be verbal, written and include images, video and/or audio.

Other distressing and inappropriate behaviours

Many distressing behaviours may not constitute bullying even though they are unpleasant. Students who are involved in or who witness any distressing behaviours should report their concerns to school staff and our school will refer to the signed Student Code of Conduct Agreement, Student Wellbeing & Engagement Policy, Statement of Values & Philosophy Policy, Inclusion & Diversity Policy and Behaviour Model and expectations.

Mutual conflict involves an argument or disagreement between people with no imbalance of power. In incidents of mutual conflict, generally, both parties are upset and usually both want a resolution to the issue. Unresolved mutual conflict can develop into bullying if one of the parties targets the other repeatedly in retaliation.

Social rejection or dislike is not bullying unless it involves deliberate and repeated attempts to cause distress, exclude or create dislike by others.

Single-episode acts of nastiness or physical aggression are not the same as bullying. However, single episodes of nastiness or physical aggression are not acceptable behaviours at our school and may have serious consequences for students engaging in this behaviour. Cranbourne East Secondary College will refer to its Student Wellbeing and Engagement Policy to guide a response to single episodes of nastiness or physical aggression.

Harassment is language or actions that are demeaning, offensive or intimidating to a person. It can take many forms, including sexual harassment and disability harassment. Harassment of any kind will not be tolerated at Cranbourne East Secondary College and may have serious consequences for students engaging in this behaviour. Cranbourne East Secondary College will refer to the Student Wellbeing and Engagement Policy to guide a response to students demonstrating harassing behaviour, unless the behaviour also constitutes bullying, in which case the behaviour will be managed in accordance with this Bullying Prevention Policy.

INCIDENT RESPONSE

Reporting concerns to Cranbourne East Secondary College

Bullying complaints will be taken seriously and responded to sensitively at our school. Students who may be experiencing bullying behaviour, or students who have witnessed bullying behaviour, are encouraged to report their concerns to school staff as soon as possible. In most circumstances, we encourage students to speak to their Home Group teacher, however, students are welcome to discuss their concerns with any trusted member of staff including Year Level Leaders, Assistant Principals and the Wellbeing Team.

Parents or carers who may develop concerns that their child is involved in, or have witnessed bullying behaviour at Cranbourne East Secondary College, should contact the relevant Year Level Leader or Home Group teacher on 5990 0200. Our ability to effectively reduce and eliminate bullying behaviour is greatly affected by students and/or parents and carers reporting concerning behaviour as soon as possible, so that the responses implemented by Cranbourne East Secondary College are timely and appropriate in the circumstances.

Investigations

When notified of alleged bullying behaviour, school staff are required to:

1. record the details of the allegations on Compass
2. inform the relevant Year Level Leader

The Year Level Leader is responsible for investigating allegations of bullying in a timely and sensitive manner. To appropriately investigate an allegation of bullying, the Year Level Leader may:

- speak to the students involved in the allegations, including the target/s, the students allegedly engaging in bullying behaviour/s and any witnesses to the incidents
- speak to the parents of the students involved
- speak to the teachers of the students involved
- take detailed notes of all discussions for future reference
- obtain written statements from all or any of the above.

All communications with the Year Level Leader in the course of investigating an allegation of bullying will be managed sensitively. Investigations will be completed as quickly as possible to allow for the behaviours to be addressed in a timely manner.

The objective of completing a thorough investigation into the circumstances of alleged bullying behaviour is to determine the nature of the conduct and the students involved. A thorough understanding of the alleged bullying will inform staff about how to most effectively implement an appropriate response to that behaviour.

Serious bullying, including serious cyberbullying, is a criminal offence and may be referred to Victoria Police. For more information, see [Brodie's Law](#).

Responses to bullying behaviours

When the Year Level Leader has sufficient information to understand the circumstances of the alleged bullying and the students involved, a number of strategies may be implemented to address the behaviour and to support affected students in consultation with the Wellbeing Team, teachers, SSSO, Assistant Principal, Principal, as well as Department of Education specialist staff as deemed necessary.

There are a number of factors that will be considered when determining the most appropriate response to the behaviour. When making a decision about how to respond to bullying behaviour, Cranbourne East Secondary College will consider:

- the age and maturity of the students involved
- the severity and frequency of the bullying, and the impact it has had on the target student
- whether the student/s engaging in bullying behaviour have displayed similar behaviour before
- whether the bullying took place in a group or one-to-one context
- whether the students engaging in bullying behaviour demonstrate insight or remorse for their behaviour
- the alleged motive for the behaviour, including any element of provocation.

The Year Level Leader may implement all or some of the following responses to bullying behaviours:

- Offer counselling support to the target/s, including referral to the Wellbeing Team, Student Support Services (SSS) or an external provider
- Offer counselling support to the students engaging in bullying behaviour including referral to the Wellbeing Team, SSS or an external provider
- Offer counselling support to affected students, including witnesses and/or friends of the target student, including referral to the Wellbeing Team, SSS or an external provider
- Facilitate a restorative meeting with all or some of the students involved. The objective of restorative practice is to repair relationships that have been damaged by identifying the impact of the bullying behaviour, building accountability and providing an opportunity for both parties to move forward.
- Facilitate a mediation between some or all of the students involved to help to encourage students to take responsibility for their behaviour and explore underlying reasons for conflict or grievance. Mediation is only suitable if all students are involved voluntarily and demonstrate a willingness to engage in the mediation process
- Implement disciplinary consequences for the students engaging in bullying behaviour, which may include removal of privileges, detention, suspension and/or expulsion consistent with our Student Wellbeing and Engagement policy, the Ministerial Order on Suspensions and Expulsions and any other relevant Department policy
- Facilitate a Student Support Group meeting and/or Behaviour Support Plan for affected students
- Prepare a Safety Plan or Individual Management Plan restricting contact between target and students engaging in bullying behaviour
- Monitor the behaviour of the students involved for an appropriate time and take follow up action if necessary.
- Implement class or year level group targeted strategies to reinforce positive behaviours, encourage resilience, etc.

The Year Level Leader is responsible for maintaining up to date records of the investigation and the responses to bullying behaviour.

Cranbourne East Secondary College understands the importance of monitoring and following up on the progress of students who have been involved in or affected by bullying behaviour. Where appropriate, school staff will also endeavour to provide parents and carers with updates on the management of bullying incidents.
